Young Chang, Haejin Park, Uran Oh[†], Jaejeung Kim[†]

IEEE IRI '26

A Guideline-Based Approach for Creating Personalized Storybooks with Generative AI

Jiseon Yang*, Dahee Lim*, Jinyoung Huh, Young Chang, Uran Oh[†]

ICTC '23

ChatGPT Powered Digital Healthcare System

Jaeyong Lee, Gyeyoung Jung, Young Chang, Yuju Kang, Jaejeung Kim[†]

Research Experience

2026.06 – 09

"Isn't It Time to Play the Song?": Shaping Daily Routines for Preschoolers and Parents through Personalized Media

First author · Under review

Led the design and evaluation of HabitBuddy, supporting preschoolers' daily routines with personalized AI-generated songs and character videos.

2026.04 – 09

Understanding Human-Robot Interaction in Commercial Delivery Services (title anonymized for blind review)

Co-first author · Under review

Analyzed commercial robot delivery data to examine how customer behavior and operational conditions shape handover interactions.

2026.01 – 07

WhiteCane

Designed and developed an accessible indoor-outdoor navigation app for visually impaired users with voice-based guidance.

Internship

- 2025.03 – 06 **Statistics Korea**
Intern, Statistics Service Innovation Promotion Division
Contributed to the development of Statistics Korea's AI chatbot "KoBot"
- 2023.03 –
2025.02 **WellCom Lab, Chungnam National University**
Undergraduate Research Intern (Advisor: Prof. Jaejeung Kim)
Contributed to designing PCA, an AI proxy agent for smartphone self-regulation.
- 2023.01 – 02 **UX Lab, Seoul National University**
Undergraduate Research Intern (Advisor: Prof. Joongseek Lee)
Conducted UX research and proposed features for a laundry app designed for shared housing residents.

Teaching & Research Assistant

- 2026.09 –
Present **Ewha Womans University**
Teaching Assistant, Computer Graphics
- 2026.03 – 07 **Ewha Womans University**
Teaching Assistant, Java Programming and Lab
- 2026.03 – 07 **Ewha Womans University**
Research Assistant (Advisor: Prof. Hyunseok Park)
Maintained *TalkTrack*, Ewha's interpreting and translation training website.
- 2025.09 –
2026.02 **Ewha Womans University**
Research Assistant (Advisor: Prof. Uran Oh)

Honors and Awards

- 2026.09 **Excellence Award (3rd Place)**, Ewha 3MT Competition
- 2026.03 **Academic Activities Support Scholarship**, Ewha Womans University
- 2025.09 – 12 **Brain Korea 21 FOUR Scholarship**, Ministry of Education, Korea
- 2025.09 **Excellence Award (2nd Place)**, Statistics Korea Youth Intern Joint Project Achievement Conference
- 2024.11 **Grand Prize (1st Place)**, Chungnam National University Public Data Utilization Competition

Skills & Interests

Interests	Human-AI Interaction, Human-Robot Interaction, Child-Robot Interaction, Child-AI Interaction, Behavior Change, UX
Skills	Python, JavaScript, Flutter, React Native, Java, Firebase, MongoDB, Git/GitHub, Figma, SPSS, Qualitative Coding, Thematic Analysis

Student Club Activities

2026.04 – Present	LabHER, Ewha Womans University Startup Club Working on commercializing HabitBuddy.
